## INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and Board of Aldermen  
City of Carl Junction  
Carl Junction, MO 64834

We have audited the accompanying financial statements of cash receipts, disbursements and changes in cash balances – all funds; and cash receipts, disbursements, and changes in cash balance – budget and actual for each fund of the City of Carl Junction, Missouri, as of and for the year ended April 30, 2006. These financial statements are the responsibility of the City of Carl Junction, Missouri's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1, the City of Carl Junction, Missouri has prepared these financial statements using the cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. These financial statements are not intended to be a complete presentation of the financial position and results of operations of the City of Carl Junction, Missouri in conformity with accounting principles generally accepted in the United States of America. The effect on the financial statements of the variances between the cash basis of accounting and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

**INDEPENDENT AUDITOR'S REPORT  
(CONTINUED)**

In our opinion, because of the effects of the matter discussed in the preceding paragraph, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the City of Carl Junction, Missouri as of April 30, 2006, or the changes in its financial position for the year then ended. Further, the City has not presented a management's discussion and analysis that accounting principles generally accepted in the United States of America has determined is necessary to supplement, although not required to be a part of, the basic financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the cash balances of all funds of the City of Carl Junction, Missouri as of April 30, 2006, and their respective cash receipts and disbursements, and budgetary results for the year then ended, on the basis of accounting described in Note 1.

In accordance with *Government Auditing Standards*, we have also issued our report dated June 28, 2006, on our consideration of City of Carl Junction, Missouri's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Carl Junction, Missouri's financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the financial statements. The schedule of expenditures of federal awards has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the financial statements taken as a whole.

### I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### I.A. INTRODUCTION

The City of Carl Junction, Missouri is incorporated and operates as a fourth class city as provided for in Chapter 79 of the Missouri Revised Statutes (RSMO). The City operates under an elected Mayor/Board of Aldermen form of government. The City's major operations include health services, public safety, recreation and parks, and general administrative services. In addition, the City provides water and sewer services.

The accompanying financial statements present the cash receipts, disbursements, and changes in cash balances of all funds of the City of Carl Junction, Missouri, and comparisons of such information with the corresponding budgeted information for the General Fund, Special Revenue Funds, Debt Service Fund, Capital Projects Fund, and Enterprise Fund.

#### I.B. FINANCIAL REPORTING ENTITY – BASIS OF PRESENTATION

**I.B.1.** These financial statements present the financial information of the City of Carl Junction, Missouri, the primary government.

Component units of the City are based on significant influence which the City exercises over such units. Significant influence or accountability is based primarily on operational or financial relationships with the City (as distinct from legal relationships). The City has no component units.

#### I.B.2. FUNDS AND ACCOUNT GROUPS

The accounts of the City are organized on the basis of funds, each of which is considered to be a separate accounting entity. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

##### **Governmental Fund Types**

**General Fund** – The General Fund is the general operating fund of the City. All financial resources, except those required to be accounted for in another fund, are accounted for in the General Fund.

**Special Revenue Funds** – Special Revenue Funds are used to account for the proceeds of special revenue sources that are legally restricted to expenditures for specific purposes.

**I.B.2. FUNDS AND ACCOUNT GROUPS (CONTINUED)**

**Governmental Fund Types (Continued)**

**Debt Service Fund** – The Debt Service Fund is used to account for the accumulation of resources for, and payment of governmental fund type debt including general obligation bonds.

**Capital Projects Fund** – The Capital Projects Fund is used to account for transfers from the General Fund and proceeds from grants which are used for payment on City construction projects.

**I.C. BASIS OF ACCOUNTING**

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The financial statements are prepared on the cash basis of accounting wherein amounts are recognized when received or disbursed. This basis of accounting differs from accounting principles generally accepted in the United States of America, which require revenues to be recognized when they become available and measurable or when they are earned, and expenditures or expenses to be recognized when the related liabilities are incurred.

**I.D. BUDGETARY DATA**

The City is required by State Statutes to prepare an annual operating budget. The budget shall present a complete financial plan for the ensuing budget year and shall include at least the following information:

- (1) A budget message;
- (2) Estimated receipts and a comparative statement of actual or estimated receipts for the two preceding years itemized by year, fund, and source;

- (2) Public hearings are conducted to obtain taxpayer comment.
- (3) Prior to May 1, the budget is legally enacted through passage of an ordinance.
- (4) Formal budgetary integration is employed as a management control device during the year for the General Fund, Special Revenue Funds, Debt Service Fund and Proprietary Funds.

The budget may be revised. If total disbursements are increased the City shall adopt a resolution setting forth the facts and reasons making the increase necessary. In no event shall total authorized expenditures from a fund exceed the estimated revenues plus the unencumbered beginning balance.

**I.E. CASH AND INVESTMENTS**

The City maintains a demand deposit account that is available for use by all funds. Cash applicable to a particular fund is readily identifiable.

The City is allowed to invest in obligations of the United States Government or any agency thereof, maturing and becoming payable not more than three years from date of purchase. In addition the City may enter into repurchase agreements maturing and becoming payable within ninety days, secured by United States Governmental Agencies or Instrumentality's of any maturity.

**IV.A. EMPLOYEE PENSION PLAN**

1. Plan Description

The City of Carl Junction participates in the Missouri Local Government Employees Retirement System (LAGERS), an agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for local government entities in Missouri.

LAGERS is a defined benefit pension plan, which provides retirement, disability, and death benefits to plan members and beneficiaries. LAGERS was created and is governed by statute, section RSMo. 70.600-70.755. As such, it is the system's responsibility to administer the law in accordance with the expressed intent of the General Assembly. The plan is qualified under the Internal Revenue Code Section 401a and it is tax exempt.

**IV.A. EMPLOYEE PENSION PLAN (CONTINUED)**

1. Plan Description (Continued)

The Missouri Local Government Employees Retirement System issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to LAGERS, P.O. Box 1665, Jefferson City, MO 65102 or by calling 1-800-447-4334.

2. Funding Status

The City of Carl Junction's full-time employees contribute 4% of their gross pay to the pension plan. The political subdivision is required to contribute at an actuarially determined rate; the current rate is 1.0% (general), 0.6% (police) of annual covered payroll. The contribution requirements of plan members are determined by the governing body of the political subdivision. The contribution provisions of the political subdivision are established by state statute.

3. Annual Pension Cost

For 2005, the political subdivision's annual pension cost of \$36,270 was equal to the required and actual contributions. The required contribution was determined as part of the February 28, 2003 and/or February 29, 2004 annual actuarial valuation using the entry age actuarial cost method. The actuarial assumptions included (a) a rate of return on the investment of present and future assets of 7.5% per year, compounded annually, (b) projected salary increases of 4.0% per year, compounded annually, attributable to inflation, (c) additional projected salary increases ranging from 0.0% to 4.2% per year, depending on age, attributable to seniority/merit, (d) pre-retirement mortality based on the 1983 Group Annuity Mortality table and (e) post-retirement mortality based on the 1971 Group Annuity Mortality table projected to 2000 set back 1 year for men and 7 years for women. The actuarial value of assets was determined using techniques that smooth the effects of short-term volatility in the market value of investments over a five-year period. The unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on an open basis. The amortization period at February 28, 2005 was 15 years.

**V. RISK MANAGEMENT**

The City is exposed to various risks of loss related to torts; theft of; damage to, or destruction of assets; errors and omissions; injuries to employees; employees' health and life; and natural disasters. The City manages these various risks by carrying commercial insurance.

**V.A. GRANT PROGRAM INVOLVEMENT**

The City receives Federal and State Grants for specific purposes that are subject to review and audit by Federal and State Agencies. Such audits could result in a request for reimbursement by the Federal and State Agencies for expenditures disallowed under the terms and conditions of the appropriate agency. In the opinion of City management, such disallowances, if any, will not be significant to the City's financial statements.

**V.B. INTERFUND TRANSFERS**

**V.B. LITIGATION**

The City is party to various legal proceedings that normally occur in the course of governmental operations. The financial statements do not include provisions for loss on contingencies that may result from these proceedings, due to the insurance coverage maintained by the City. The City feels that any settlement or judgment not covered by insurance would not have a material effect on the financial condition of the City.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND  
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF  
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH  
*GOVERNMENT AUDITING STANDARDS*

Honorable Mayor and Board of Aldermen  
City of Carl Junction  
Carl Junction, MO 64834

We have audited the financial statements of City of Carl Junction, Missouri as of and for the year ended April 30, 2006, and have issued our report thereon dated June 28, 2006. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

**Internal Control Over Financial Reporting**

In planning and performing our audit, we considered City of Carl Junction, Missouri's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide an opinion on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether City of Carl Junction, Missouri's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement

amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management, City Council, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Honorable Mayor and Board of Aldermen

We have audited the compliance of City of Carl Junction, Missouri with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended April 30, 2006. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about City of Carl Junction, Missouri's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of City of Carl Junction, Missouri's compliance with those requirements.

We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.
